Notice # 2 – Power Carts

Ardmore Power Carts

The rental of Ardmore Power Carts is not the responsibility nor in the control of the Ardmore Ladies Club Executive however there has been a request made by several members for an Information Notice to be sent out to the Ladies Club Membership regarding the cost and payment for a Power Cart on Ladies Day.

As of this email, the daily cost to rent a Power Cart if you are an Ardmore Golf Club Member is \$30.00 for 18 holes (\$15.00 per person if sharing) and \$20.00 for 9 Holes (\$10.00 per person if sharing). The Daily rates are higher if you are not a member. Please check Ardmore's website for all listed rates.

We have several members who have purchased a yearly cart pass and this year's cost has risen to \$1400.00.

If you are sharing a cart with someone who has a yearly cart pass you are being requested to pay the pass holder \$15.00 for 18 holes and \$10.00 for 9 holes. This helps the pass holder to reduce the burden of the yearly pass and you pay the same cost of the cart rental as if you rented it through the clubhouse.

Whenever possible, two cart riders will be paired up on the tee sheet.

Thank you for your cooperation and support for sharing the cost of a power cart.
